ORIENT ELECTRIC

A BRAND THAT STRIVES TO BRING THE BEST OF INNOVATION FOR YOU.

For you and the future that awaits you.

The pioneers of change. The market leaders. The Superbrand. We are known by a lot of names but at our core, we are a brand with a singular goal in mind - delighting our consumers with the finest there is to offer! And we've been doing it for 68 years.

Our customer-first ideology empowers us to break new barriers in our pursuit of offering better, more innovative solutions. We strive every day to get the right proportions of aesthetics, technology, and performance at your doorstep.

At Orient, your comfort and convenience take the front seat, with affordability and functional utility following suit. Which is one of the reasons why we're the front-runners in the energy-efficient fans segment. We are always in-sync with the changing rules of the modern world and constantly explore new avenues to make life simpler, better, and future-ready.

We are already India's favorite one-stop-shop for fans, lighting, home appliances, switchgears, and other electrical solutions. And yet, we're always excited for more - more innovations, more comfort, more elegance.

We call it The Orient way.

YEAR OLD
LEGACY **68**

BEE STAR RATING FOR CEILING FANS

Did you know that in a tropical country like India, ceiling fans play an essential role in keeping households cool and comfortable? However, they can also consume a significant amount of energy, accounting for almost 20% of overall household electricity usage. That's why the Bureau of Energy Efficiency (BEE) has introduced a new BEE Star rating scheme for fans.

Starting January 1st, 2023, all ceiling fans produced must comply with this rating scheme, and manufacturers must obtain relevant NABL testing to ensure their fans meet the standards. By choosing a BEE-compliant 5-star rated fan, you could save up to ₹1700 per year, and reduce your energy consumption by up to 50% compared to non-star rated traditional fans.

Happy to introduce our new BEE complied Star Rated ceiling fan series which are more energy-efficient and cost-effective option today. Stay cool, comfortable, and save big on your electricity bills with Orient Fans!

SAVINGS ARE IN THE AIR! ORIENT STAR-RATED FANS.

How to calculate star-rating in fans?

Air Delivery / Watt = Service Value, further Service Value is designated as per BEE norms.

Slabs (Service Value)	Star Rating	Annual Savings (INR)*
$\geq 4.0 < 4.5$	1 Star	861
$\geq 4.5 < 5.0$	2 Star	1096
$\geq 5.0 < 5.5$	3 Star	1291
$\geq 5.5 < 6.0$	4 Star	1448
≥ 6.0	5 Star	1761

*Orient fans compared to non star induction motor fans. Calculated basis electricity rates @₹6.7/unit

Redesigned motor for less power consumption

BEE Certification from NABL Approved Labs

Added safety wire

STATE-OF-THE-ART FAN MANUFACTURING FACILITIES

Many of the Innovations in the fan industry that are now taken for granted came from the research of Orient Electric's R&D centres and from our urge to bring top-quality products to Indian consumers. As a brand leader as well as a thought leader in fans, we have been routinely introducing pioneering manufacturing processes and technologies thus setting new industry benchmarks in terms of performance, functionality, reliability, and aesthetics.

We draw a sizable advantage from our state-of-the-art proprietary manufacturing facilities for fans at Faridabad and Kolkata, which enables us to manufacture first-to-market products with best-in-class quality and performance. Quality being the key driving force behind everything we do at Orient Electric, we conscientiously follow the Six Sigma processes to manufacture zero-defect products.

Our sustained investments in building up competence and innovation centers have helped not only to bring differentiation but also bring down costs. We have a huge acceptability of our products in the international markets. We are today the largest exporter of fans from India with a strong marketing presence in over 35 international markets.

ORIENT ELECTRIC

MILESTONES

1939	The journey begins. Factory established in Kolkata.	2014	Unveils energy-efficient BLDC fans.
1954	Inducted into the CK Birla Group. Renamed as Orient Fans.	2016	Unveils the 'Very Silent Very Powerful' Aeroquiet premium ceiling fan.
1965	Becomes the first Indian company to introduce die-casting of the rotor and fan body cover in ceiling fans.	2017	Demerges and gets listed as a separate entity.
1969	Establishes a factory in Faridabad.	2018	Gets listed on the stock exchanges.
1990	Develops and patents the revolutionary PSPO technology for fans.	2019	Unveils India's first smart ceiling fan.
2014	Unveils new brand identity. Rebranded as Orient Electric with the positioning statement of 'Switch to Smart'.	2020	Enters the 'Fortune India 500' list.
		2023	Launches first-of-its-kind Cloud 3 fan with Cloudbill technology.

AWARDS

ACCOLADES AS GLORIOUS AS OUR RANGE

At Orient Electric, we have a great story to tell. As an enduring enterprise, we have been creating value consistently for more than six decades. And we are honoured to have been recognised time and again for our accomplishments as a consumer electricals major, a great employer, and a responsible corporate citizen.

We continue to be a consumer validated 'Superbrand' for Fans, Air Coolers and Lighting. In the recent times, we have been conferred with many other illustrious awards and recognitions including Most Trusted Brands of India 2023, Prestigious Brands of Asia 2021-22, The Economic Times Iconic Brands of India 2022, and National Energy & Conservation Award 2021, just to name a few. We have been consistently awarded 'Star Performer' by the Engineering Export Promotion Council (EEPC) and are also rated as 'Star Export House' by the Ministry of Commerce and Industry, Government of India.

Additionally, we continue to retain our 'Great Place to Work' certification since 2020 which endorses our commitment to sustaining a high-performance, people-centric culture.

PRODUCTS

Introducing, the best of us for the best of you! Arriving in style with their trademark elegance and exclusive designs, Orient Aero Series fans are exceptional without a doubt.

Aero Series

AERO SERIES

**VERY SILENT. VERY POWERFUL. VERY EFFICIENT.**

The Aero Series fans have many sides to them. They are bold, dynamic and premium. They also are technologically unmatched, governed by the core principle of aerodynamics applied in aircrafts and Formula One cars. This design and the use of new-age material reduce friction and air turbulence like never before. The result? Drastically reduced fan noise and an unmatched air thrust. So, wait no further. The coolness, the silence, the future await you.

Energy Saving Series

In Brushless Direct Current motors, permanent magnets are used for transferring electricity unlike conventional motors that use electromagnetic induction. This means negligible losses in the form of heat along with lesser wear and tear of motor parts, making it super energy-efficient and durable. This is why it is widely being used in aircrafts, automobiles, home appliances, air conditioners, and washing machines.

orient BLDC FANS

The BLDC fans series is a masterpiece of innovation, created to save energy and your hard-earned money. Its intelligent design is a result of years of research, which ensures that you never have to compromise. Apart from savings on your electricity bill, it also helps cut down CO₂ emission by reducing consumption of coal for energy generation.

Reason to switch to Orient BLDC FANS

Orient BLDC fans, powered by BLDC technology, provide increased durability of the motor, reduced motor noise and double the efficiency of operation, along with impressive savings on electricity bills.

CLOUD 3

 REDUCES TEMPERATURE UP TO 12°C

< BACK

NEXT >

LIFESTYLE FANS**CLOUDCHILLTM**
TECHNOLOGY

Orient Cloud 3 is a one-of-a-kind lifestyle cooling solution powered by the unique Cloudchill technology which helps bring down the air temperature by up to 12 degree Celsius. It has an in-built cloud chamber that converts water into cloud-like microparticles which instantly cools the air while the aerodynamically designed fan blades help spread this chilled air across the room. It is easy to move and comes with a remote control for convenient usage. And all this is packed in a beautiful body that forms a perfect product to enhance the interiors of your home.

Orient **CLOUD 3**

**TIILT MECHANISM**

Adjustable downward tilt up to 10-degrees helps direct the cooling where you want it

**30-DEGREE OSCILLATION**

Unique 30-degree oscillation with gliding top mechanism helps circulate cool air across the room, enhancing your comfort

**EASY FILL INLET FOR WATER & ICE**

Revolutionary Cloudchill technology drops temperature up to 12 degrees. For extra chill, add some ice, for a temperature drop up to 20 degrees

**FRAGRANCE CHAMBER**

Add fragrance of your choice in the easy fill inlet to lift your mood

Available in White and Black

**BREEZE MODE**

Experience the pleasant sensation of fresh and pure breeze inside your home with the fan's breeze mode

**ENHANCED AIR CIRCULATION WITH UNIQUE GUARD DESIGN**

Unique and elegant grill design ensures safety and helps in effective circulation of air to enhance the overall cooling experience

INDUSTRIAL FANS

Thunderstorm Wall Fan

Thunderstorm Stand Fan

Heavy-Duty Exhaust

Air Circulator Wall 18/24

Air Circulator Stand 18/24

INDUSTRIAL FANS

THUNDERSTORM WALL FAN

Sweep Model	Sweep (mm)	Sweep (RPM)	Phase	Power Input (Watt)	Current (Amp)	Air Delivery (CMH)	Noise Level (DB)
450 mm AC(Wall)	450	1450 5%	1	80 10%	0.34	9000	60 65

Sweep Model	Sweep (mm)	Sweep (RPM)	Phase	Power Input (Watt)	Current (Amp)	Air Delivery (CMH)	Noise Level (DB)
600 mm (24" Wall)	600	1450 5%	1	170 10%	0.34	18000	70 75

Double ball bearings ZZ
(Permanent lubricated)
for longer life

Motor protection thermal
overload protection
device with auto-reset

Tilt adjustment for adjusting
the fan till 15% angle

Powerful air circulator motor for
continuous operation with high
air delivery & thrust

Narrow aerodynamically
designed blades for
providing Low Noise

Floating arrangement for
changing the position
of oscillation

It comes with the air direction
control by telescopic height
adjustment

Sturdy metallic body
for durability

Customer Care No.: 1800 103 7574 (Toll-Free)

Room Size (sqft)	Recommended Sweep Size for Ceiling Fans		
	mm	feet	inches
Upto 70	600	2.0	24
70	900	3.0	36
100	1050	3.5	42
160	1200	4.0	48
180	1300	4.3	52
225	1400	4.7	56

Important: To maximize air delivery over the required area, your Orient Electric ceiling fan should be 2.1 meter or more from the ground and 30cm or more below the ceiling. For large rooms with more than one fan, the center distance between each fan will depend on sweep sizes.

Sweep	1400mm	1200mm	1050mm	900mm
Center Distance	3m	2.5m	2m	1.8m

- Visuals shown in the brochure, may vary slightly from actual product
- All ceiling fans are with double ball bearing
- Air delivery may vary ±5%
- All specifications are subject to change without any prior notice
- Models may change during the year

Sweep size is referred to the entire diameter of a fan.
